John,

Thank you for calling me regarding ALC's discovery responses and setting up a meet and confer. I am available any time tomorrow to discuss ALC's objections to the discovery responses before 1 pm and then I am available any time after 3 pm (Central). I am also available , any time on Monday. However, the meet and confer is likely going to be of limited productive value because ALC did not produce a privilege log or any citation to the section(s) of Sarbanes Oxley that ALC is relying on to shield production of the requested information. I propose that ALC produce the privilege log and provide specific citations to Sarbanes Oxley tomorrow and then the parties confer on Monday. If ALC is not amenable to producing the log and providing the citations, please let me know what time works for ALC tomorrow.

Thank you.

Roger

Roger,

Tomorrow is the deadline for ALC's discovery responses. But rather than wait, I am serving them now. I am in all day tomorrow.

Regards,

John R
